## How can cities tackle food waste?

Tuesday 12<sup>th</sup> March, 11.00-12.30

According to the European Commission, around 88 million tonnes of food waste are generated annually with associated costs estimated at 143 billion euros. According to FAO, up to one third of all food is spoiled or squandered before it is consumed by people, and food is lost or wasted throughout the supply chain. Some of the UrbanWINS cities have decided to respond to this problem and tackle food waste as part of their pilot actions. ICLEI and these UrbanWINS cities want to present some of the initiatives being conducted to minimise food waste.

- 11.00 **Welcome and introduction**  
Meritxell Díaz, Communications Officer, ICLEI European Secretariat
- 11.05 **Why we want to fight food waste**  
Hanne Heymans, Project Manager. FoodWIN
- 11.25 **Cremona and the fight against food waste: enhancement of the recovery and the donation of food surpluses and promotion of informed purchases**  
Martina Macconi, Advisor for the Municipality of Cremona for UrbanWINS project  
Francesca Federici, founding partner of EStà and expert in food policy
- 11.45 **Sabadell and its food waste prevention programme**  
Anna Puiggros, Project Officer, Innovation Department of the City of Sabadell
- 12.05 **Leiria and its guide for food waste reduction**  
Margarida Morais, Senior Technician for Environment, Leiria Municipality
- 12.20 **Time for discussion and conclusions**
